SUMMARY

MERN Stack Developer with nearly 2 years of experience building high-performance web applications. Committed to delivering user-centered solutions with clean, efficient code. Passionate about crafting responsive, accessible interfaces and solving complex technical challenges.

EXPERIENCE

Ui Developer
Laalabs Private Limited

📅 09/2023 - Present

- Developed user-friendly interfaces for dining, catering, and halwa services on the **Fanadaq** platform, enabling seamless table reservations and service scheduling, improving overall user experience.
- Enhanced application performance by implementing **lazy loading**, reducing initial load time by 15%, and significantly improving user engagement and overall platform responsiveness.
- Improved state management and optimized application performance using **Redux** and **Thunk** in Fanadaq's hotel booking application.
- Increased customer engagement and bookings by **20%** through the effective implementation of performance enhancements.
- Developed a **real estate platform** for 39Properties, streamlining the buying and renting process for users, improving transaction efficiency.
- Followed **Agile methodology**, managing project tasks in **Jira**, to streamline development, enhance team collaboration, and ensure timely delivery.
- Conducted User Acceptance Testing **(UAT)** to ensure functionality and user requirements were met, followed by utilizing **FileZilla** for efficient deployment of web applications, ensuring smooth file transfers, version control, and maintaining high reliability.

Full Stack developer trainee
Wipro

📅 04/2022 - 09/2022

- **Completed a 6-month full-stack development training**, gaining in-depth knowledge of both frontend and backend technologies, and applying them to real-world projects to strengthen practical skills and problem-solving abilities.

EDUCATION

Computer Science and Engineering
SRM University

📅 06/2018 - 05/2022

GPA
8.3 / 10.0

SKILLS

Technical Skills

HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js, Redux, Jest, Node.js, Express.js, MongoDB, MySQL

Tools

Visual Studio, Microsoft SQL Server, MongoDB Compass, Apache NetBeans, Git, Jira, File Zilla

PROJECTS

Smart Task Management System

📅 03/2023 - 07/2022

- **Developed a workflow-centric platform** to streamline task delegation, progress tracking, and real-time updates, enhancing team collaboration . Enabled managers and team leads to assign, monitor, and ensuring a smooth workflow and timely project delivery.
- **Fostered accountability and transparency** by allowing employees to update daily task statuses, ensuring real-time visibility.
